ALUMINUM ADJUSTABLE MOUNT - ESCORT M1/M2 DASH CAMS

Shown below are three different types of BlendMounts and where the M1/M2 can be attached.

Your rear view mirror has minimal clearance between the back side of the mirror and the mirror stem. It is very important that this mount is installed correctly to ensure mirror adjustability is retained.

PLEASE READ THESE INSTRUCTIONS THOROUGHLY BEFORE INSTALLING THIS MOUNT

NOTE: For illustration purposes, the mount and rear view mirror shown in these instructions may look slightly different than YOUR mount and rear view mirror.
